

# So many Apps, so little time!

Presented By: Jody Blackmore

**Date(s):**

Tuesday, October 29, 2019  
9:00 AM - 3:30 PM

**Session Location:**

Central Alberta Regional Consortium  
8 Page Avenue, Red Deer, AB

**Registration Fee:**

\$50.00

**Audience:** Teachers

**Grade Level:** K-12

## About the Session:

There are thousands, maybe even millions, of chrome apps and websites that could be useful in a classroom. How can you possibly test them all out? Well, you can't, but I can show you a handful of purposeful apps that can be used in all subject areas. During this full day workshop we'll learn the ins and outs of apps that are specific for math and language arts, but also delve into a number of platforms that can be used in any subject. These are apps that I use on a regular basis in my classroom because of their versatility, teacher control, data options, and student engagement.

This workshop will be very hands-on so it's important that you **bring a chromebook or laptop.**

## About the Presenter(s):

### Jody Blackmore

Jody believes that technology is a powerful learning tool for students and educators alike. Her passion lies in helping educators embrace technology to benefit their own personal and professional lives as well as increase engagement and learning in their classrooms. Currently, Jody is teaching full time in a grade 6 classroom in Rimbey Elementary and trying to keep up with her busy family.
