

EA COLLABORATIVE COMMUNITIES

Meet monthly to learn and collaborate together with your colleagues from across Central Alberta in these virtual collaborative communities!

What to Expect

Virtual, 1-hour Sessions: Held once a month from 4-5pm, conveniently scheduled after school hours to fit into your busy day.

Balanced Learning Experience

Learning Segment: Focused on introducing and exploring topics essential to your role. These learning segments will be recorded for your future reference.

Discussion Segment: Dedicated to open discussions, allowing you to share insights, challenges, and experiences with fellow Educational Assistants.

EDUCATIONAL ASSISTANT 101

\$100

Perfect for EAs with less than 2 years of experience, or seasoned EAs looking for a refresher. Participants in this cohort will learn about their role in the classroom, effective teamwork with fellow colleagues, and being an integral part in the success of the students in the class.

[Find out more](#)

COMPLEX BEHAVIOUR

\$100

With a focus on supporting EAs who work with children who experience behaviours within the classroom setting, participants of this cohort will develop an understanding of the underlying mechanisms to behaviour, how to document it, and theories regarding adaptation and modification for students.

COMMUNICATION

\$100

Communication in the classroom can involve more than verbal instruction. Participants of this cohort will learn the nuances of improved communication in the classroom to assist with all learners regardless of diagnosis.

UNIVERSAL SUPPORTS

\$100

Brain-based & Developmentally Appropriate Practice

Developmentally appropriate practice (DAP) ensures that we are meeting children where they are at, even if their abilities do not match what we think should happen at their chronological age. Participants of this cohort will learn about the benefits of implementing DAP in the classroom, and explore how DAP can occur across all grades.
